

SIXTEEN CENT MILK PROMISED BY LEVY

Reduction of 5 Cents a Quart Possible by Cash and Carry Plan.

DEPOSIT FOR THE BOTTLE

Borden Manager to Confer With Retail Grocers, but Urges a Monopoly.

A cash and carry plan by which many housewives in Manhattan may save from two to three cents a quart on pasteurized Grade B bottled milk was announced yesterday by Food Administrator William A. Levy of the Food Administration.

Mr. Levy agreed to furnish milk to grocers from the Battery to Harlem for 16 cents a quart provided that the minimum delivery order be six quarts and that a five cent deposit for each bottle be made. This milk can be handled by grocers, according to Mr. Williams, at a profit of a cent a quart.

Mr. Williams said that a still further reduction is possible was made known by Mr. Williams, who said that according to the figures Mr. Levy presented to him, the latter's profit would be two cents a quart. This is considered excessive by the Food Administrator and was admitted to be rather high by the distributor. Mr. Levy said he would advocate to his partners in the business the reduction of the price to grocers by one cent a quart. This would enable the consumer to get the milk for 16 cents.

Sales at Low as 15 Cents.

Milk retailed in grocery stores now brings up to 21 cents a quart. The fixed price for the service involved, and the grocers take no pains to have bottles returned. Under the low price obtained by the Food Administrator the purchaser would be required to leave a deposit on each bottle carried out. The deposit would be made at the company's office at Nineteenth street and Avenue A for 15 cents a bottle after Monday.

According to Mr. Levy, since his company has been authorized to handle the delivery of milk and confined to wholesaling to grocers the same deliveries are made with eight wagons on the road, as with forty-eight wagons under the old system. This tremendous overhead is done away with. Plans are being made to have one wholesaler in the general plan and extend the scheme to Brooklyn. Peter Becker of the Brooklyn United Retail Grocers Association said yesterday that such an arrangement would have come, as members of his organization are at present paying 15 cents a quart wholesale.

Although the larger retailers frequently have expressed their disinclination to enter the wholesale business on a large scale, Patrick D. Fox, vice-president of the Borden's Farm Products Company, has invited Peter H. Alnor, president of the New York Retail Grocers Association, to arrange to confer with him to discuss a reduction in the price of milk to grocery stores.

Ready to Cooperate.

Mr. Alnor and a delegation from his association, comprising recently to Henry Commager, Copeland, and others, are being charged the same price for milk as consumers, despite the fact that distributors made a substantial saving on delivery costs. Mr. Fox, in a letter to the State, said he was ready to cooperate in the inauguration of the price of milk to grocery stores.

He said:

"We must, of course, protect our investment. We dislike very strongly that we must sacrifice our standing with the public, for we honestly want the friendship of our customers. Under the present system, however, to reduce milk to grocery stores would mean a substantial loss to us. We feel that something should be done and we would like to meet a delegation representing your association at any time which would suit you."

"We would like to discuss a plan for a State regulated monopoly which would include a separate organization formed to sell milk to grocery stores at a price below that delivered to consumers. We could make a lower price now to the grocery stores, but it would mean a higher price to the consumer. Under a regulated monopoly, with the delivery of milk to grocery stores, we could reduce prices. In our interview I will attempt to point out the advisability and feasibility of the regulated monopoly plan."

BURROUGHS PLANS FINANCING.

Adding Machine Co. Would Increase Capital to \$30,000,000.

Special Dispatch to The Sun.

Detroit, Nov. 28.—Under a proposal to increase its capital from \$18,000,000 to \$30,000,000, to be voted on at the annual meeting on January 7, the Burroughs Adding Machine Company will be given rights to subscribe for \$2,500 shares of the new issue at \$100 par value.

Such subscriptions will be taken on a basis of 50 per cent cash and 50 per cent stock. The company's present holdings, or a share of new stock for two shares held. After February 2 the unsold portion would be offered to the public at not less than \$250 a share.

The new issue is virtually a cash distribution of \$150 a share, or \$12,750,000, and, it is based on the present market price of the stock, \$185, it would be equivalent to a cash dividend of \$125 a share. The new stock would add \$2,500,000 to working capital.

I. W. W. MAY STARVE IF THEY SO WISH

Tacoma Council So Rules in Jail Hunger Strike.

TACOMA, Wash., Nov. 28.—The city Council today agreed to let twenty-two alleged I. W. W. men who are on hunger strike in the city jail starve if they so desire, following a report from Assistant City Attorney Carman that the prisoners have no desire for food.

The prisoners have not eaten for forty-two hours. They also have refused to talk with their families.

While the strikers have refused to eat because of their refusal to be released, it was understood that they were protesting against being detained in the city jail. They had asked to be transferred to the county jail, where additional I. W. W. were held, but this was refused because the cells there were filled.

TROOPS HAVE DIPHTHERIA.

Twelve Cases Reported in Army of Occupation.

WASHINGTON, Nov. 28.—Some diphtheria among the American troops in Germany was reported today in official dispatches. Influenza is reported in the Siberian Expedition, but in general the health of the army is declared "excellent."

Twelve diphtheria cases were admitted to hospitals at Coblenz last week and Sunday. The last case was reported on November 21, and at Vladivostok there were 117 admissions for influenza.

King Sees Bolshevism in Department of Labor

WASHINGTON, Nov. 28.—Charging that the Department of Labor was so "honey-combed with Bolshevism" that it was "unfit" to administer the law providing for deportation of radical aliens, Senator King (Utah), announced today that he had prepared for introduction Monday a bill transferring enforcement of this law to the Department of Justice.

Charge Deportations Delayed.

Another point that drew sparks of indignation from Mr. Howe was Superintendent Baker's testimony that Mr. Howe had telegraphed him from Washington to hold up the deportation proceedings of the "Reds" brought here from the Pacific coast last spring in order to give them time to secure counsel for the purpose of fighting the Federal warrant.

A telegram signed by Mr. Howe in which he stated that he had been talking with the Acting Secretary of the Department of Labor on this matter and asked the cases held up was introduced into evidence, and Congressman Albert Johnson of Washington, who presided, asked if any one had a right to hold up these cases.

Mr. Baker said that as the deportation of an alien already ordered by him did not believe any one had a right to hold them up, but it was done nevertheless. "Was this to give them an opportunity to obtain release under writs of habeas corpus?" asked Congressman Johnson. Mr. Baker replied that it was the ultimate effect in a number of the cases. It was brought out earlier in the hearings that practically all of the really dangerous cases in the band referred to have been released here.

Although Mr. Howe insisted that the Department of Labor was responsible for all releases, the Congressmen have shown much evidence which tends to show the department acted on Mr. Howe's suggestion in these matters. One case in which Commissioner-General Anthony Caminetti wrote that Mr. Howe had "inferentially recommended" that a deportation warrant against a certain anarchist be cancelled was read into the record.

Man Long Sought.

It concerned one of Harry Wainwright's clients for whom Federal agents have been hunting for months, a man named Edward Clafalo. Although Mr. Howe at one time referred to this man as a "bad actor" and urged steps to be taken to deport him, it appeared that he had written Mr. Howe to say that he was an anarchist. He does say that he does not believe in organized government because a nation does not need a government and all the people should be intelligent and education they would not need a government. Instead of organized government he would submit a government by any means they desire.

On this Mr. Howe wrote the Commissioner that he was trying to find out about his opinions is so outside the experience of the criminal or civil law he thought the case an exceptionally hard one to pass upon.

Mr. Howe did not agree with him on this point and wrote the Acting Secretary of Labor urging immediate deportation, saying that the views of this man as stated by Mr. Howe clearly indicated that he was an anarchist, and that he had contributed to anarchist papers. "If it were not for the fact that the Commissioner at New York in submitting the case inferentially recommended that he be released, I would have written, 'the bureau would not deem it worth while to analyze the record further shown.'"

Man Already Gone.

As in other cases, however, when the warrant reached this city the man had already been released on parole. A memorandum from Byron H. Uhl showed that Harry Wainwright was called upon "at least twenty times" to produce this man and that he made repeated promises to do so, but the "bad actor" did not show up to this day.

A letter from Francis G. Caffey, United States Attorney, showed that he had permitted a criminal charge against this man arising out of failure to register to stand and he "popped" in view of his pending deportation.

Among other "Reds" allowed to go on their own recognizance before the deportation warrants could reach Ellis Island, was a man named Edward Clafalo, who was caught "red-handed" by the police bomb squad in the act of mailing a mass of extremely violent and threatening letters printed by a mysterious hand known as the "Anarchist." Federated Communists Society. Since this man's release the warrant for his deportation has arrived, but he has dropped from view, and the anarchist papers with which he was caught are in the hands of the police.

The anarchist plotters, who have announced that they will not eat until the United States Government releases them, were all in greatly weakened condition yesterday, but they found the Government just as far from surrendering to them as it was last Wednesday, when the charges against them were made public.

Four of them had been removed to the hospital last night, and the three leaders of the strike, who are members of a notorious band arrested in Ohio for plots to overthrow the Government, are in a separate room, where they were unable to communicate with the rest of the band.

To Be Forced to Testify.

Mr. Uhl was informed that, following a conference on the strike between Commissioner-General Caminetti and Attorney-General Palmer it had been decided that "Department" of Justice agents should take these people by force to the court and compel them to testify as they are ready to hear their cases.

Little did these Reds know that while they were starving themselves yesterday reporters from several socialistic and radical papers who attended the hearing and investigation were sitting in the restaurant and ordering up the roast turkey that they had refused to eat on Thanksgiving Day.

In a statement to the press Mr. Howe said last night: "In the five years that I was in charge on Ellis Island I never released a man, woman or child without direct authority from Washington. Some of these who were released on bond. It was done at Washington, and I was merely a ministerial officer. I deny that the island was a gambling den at any time. My rules against gambling were carried out, but it is impossible to stop gambling entirely. I found that the island would gamble with their fingers. It would be necessary to cut off their hands to stop them."

Mr. Howe was asked if officials at Washington had not merely acted upon his suggestion in making releases, and he reassured that they were responsible.

LUSK COMMITTEE PLANNING ARRESTS

Name of Another Teacher Is Mentioned.

Members of the Lusk Legislative Committee investigating cases of criminal anarchy in New York conferred yesterday at Coblenz with Alexander I. Rock, Assistant District Attorney, and members of the police bomb squad in regard to several cases.

Lake Vessel Abandoned.

CALUMET, Mich., Nov. 28.—The Steamship "Toga," which went across on the Erie Canal, was abandoned in Lake Michigan yesterday. The vessel is full of water and will sink in the advent of a storm. The rescued crew have left for their homes. The vessel was valued at \$175,000 and carried a cargo of \$250,000.

SERMON SUBJECTS

Variety of Timely Themes Chosen by Pastors for Weekly Discourses.

WASHINGTON HEIGHTS BAPTIST CHURCH. Convent Avenue at 14th street. Sunday, Nov. 29, 11 o'clock. Pastor, Rev. Dr. J. H. Patterson. Sunday evening will commence a series of sermons on "The Sweetest Story Ever Told." Homer Burrows will sing.

MRS. MARY CHAPIN, Hotel Commodore. At 11 o'clock to-morrow. "The Purple Heart." Mrs. Chapman in her writings: "Following the thought of Epictetus that 'The greatest thing in the world is to be free of the things that are not ours.'"
